## **NEWSLETTER**

### **MARCH-APRIL 2021**

#### **RALLIES HAVE STARTED. HAVE FUN & STAY SAFE**

We had a great opening Rally at Emerald Desert (Palm Desert) from February 22-27th. Pickleball in the morning, Lawn Bowling in the afternoon, and firepit socializing every evening with Margueritas and even a sing-along. From there, we had 4 rigs at Campland on the Bay, San Diego... just steps from Mission Bay. We toured the aircraft carrier USS Midway, the Maritime Museum, and had a great ending dinner in Little Italy (thank you Jane & Paul Lewis). From there, our Members dispersed some heading home, some to Mexico, and Ann & I headed East on a 3+ month Cross-Country Adventure. We're in the Texas Hill Country as I write this.

Our Annual Holiday Party is set for December 12, 2021. Mark your calendar. Hopefully, we'll get a Pavilion Fling in the Summer or Fall.

We thank all of our Officers for their service and leadership of our Club.

**Sunshine** - We have not heard any new reports of any other Members having health problems and thankfully no Members appear to have suffered Coronavirus. If you hear of any Members that become ill or need help, please let us know so we can send a card and find out if they need our assistance.

## **OTHER:**

**1. Rally Games** - aside from the pleasure of traveling and camping in our RVs, for many of us the social interaction at our sites is a big part of the experience. However, close together games such as Mexican Train Dominoes, Bridge, and others will likely be precluded due to social distancing restrictions. But that doesn't mean we will not have plenty to keep us engaged and amused. Here's a few ideas: Charades, Movie nights, and of course Name That Tune. Dancing may work. What are your ideas?

**2. E-Bikes** - We are loving our new Rad e-bikes and riding them everywhere. If any of you are considering getting and be sure to check out: <https://electricbikereview.com/> - the best resource available on all e-bikes.

**TELL US ABOUT YOUR MEMORABLE TRIPS**

One of the challenges with writing Newsletters or News Articles is finding interesting Content. Each of us have one or more special memories of travel experiences... in your RV or some other means of travel. Please send me your story and, if possible, a photo.

Stay Safe and enjoy our blessings here at Sun City Lincoln Hills.
